

Remsen Street Phase III

Description

Remsen Street Phase III will result in the completion of the Remsen Street streetscape projects that began with Remsen Street phases I and II. Remsen Street Phase III will encompass Remsen Street from Howard Street to Columbia Street. Likewise to Phases I and II, Phase III will provide greater pedestrian accessibility and aesthetic enhancement to our business district through the addition of ADA-compliant curb ramps, street trees, and sidewalk and crosswalk improvements.

Project Funding Overview

City of Cohoes	\$30,000
NYS Community Development Block Grant	\$300,000
National Grid's Urban Center/Commercial District Revitalization Program	\$100,000
